

Disc Duplications

IMPORTANT NOTICE: We cannot duplicate copyrighted material without the expressed consent of the owners of the copyright. Examples of what we cannot duplicate are movies, TV shows, or audio CDs not created by the client. An exception can be made if material to be duplicated is for educational or instructional purposes, but only if material is used as part of a educational presentation.

Disc Duplications

These rates are for duplicated, not replicated DVDs. **We use white inkjet hub-printable CDs and DVD-Rs.**

When comparing our prices with other vendors, be aware they add \$.15 surcharge for this type of disc.

For color printing with logo or clip-art, add \$.35 per disc.

For full bleed disc printing, add \$.50 per disc.

In cases where the client does not supply a master DVD, a master DVD must be made. See DVD creation chart.

This chart applies to all disc duplications except for weddings and legal depositions produced by Athens Video.
